Categories: Potential LEPIC FOIA Record

That was disturbed on the sits , this negative action is being expedited to fast without all aspects or details studied by all true experts its all one sided, EPA doesn't have a clue on the Whole Situation, about the buried toxic, hazardous, toxic waste that will be buried there! That's is like allowing industry not not clean up their mess and walk away! Violating all the Environmental that true outstanding
People worked hard for implementing laws to protect and still no Justice! A Sad day by our Trustees to allow this! Please tell us the Truth why no Justice!
And JR Simplot next door to FMC is expanding and out of compliance as well! EPA is allowing Man to Destroy more of our nesting place for our future, No Action to prevent this Danger!

Chairman Small,

Attached is a response to your September 12, 2014 letter regarding the Site-Wide Grading Phase for the FMC Operable Unit of the Eastern Michaud Flats Superfund site.

If you have any questions or would like to follow-up, please work with Rick Albright of my staff, as mentioned in the letter.

Dennis
